# Joint Meeting of 3rd Asian Congress of Minimally Invasive Spine Surgery and Techniques & 7th ISMISS Turkey Congress FINAL PROGRAM

# Day 1 ( November 6, Thursday )

Time			
09.00 -18.00	REGISTRATION		
	Thomas HOOGLAND Room A		
18.00 -18.30	Welcome Coctail		
18.30 -19.30	Opening Ceremony		

			Day 2 ( November 7, Friday )			
Time	Thomas HOOGLAND Room A		Room B B1-1		Room C	
	TITLE	LECTURER	TITLE	LECTURER		
08.30-09.00	Opening Ceremony  Moderator(s): Ali Fahir ÖZER, Çagatay ÖZTÜRK  Moderator(s): Tanik YAZAR, Ali DALGIÇ					
09.00-09.15	A1-1.1 Spine Radiology	Serra SENCER	B1-1.1 Vertebroplasty: Unipedicular Versus Bipedicular Approach	Metin ÖZALAY	_	
09.15-09.30	A1-1.2 Minimally invasive lumbar fusion techniques	Florian RINGEL	B1-1.2 Preexisting Spinal Stenosis Presenting with Progressive Neurological Deficit Following Vertebroplasty Operation	Mahir GÜLSEN	-	
09.30-09.45	A1-1.3 Robotic Spine Surgery	Sait NADERI	B1-1.3 Dynamic radiographs are valuable in diagnosing the painful cemented vertebrae in failed vertebroplasty	Yen-Jen CHEN		
09.45-10.00	Discussion	I		1		
10.00-10.30	A1-2		Coffee Break B1-2		C1-1	
Time	TITLE  Moderator(s): Ali Fahir C	LECTURER	TITLE	LECTURER	TITLE	LECTURER
10:30 - 11:15	A1-2.1 Presidential Lecture How to Treat the Disables due to Degenerative Thoracic Spinal Diseases	Sang-Ho LEE	Moderator(s): Mahir GÜLSEN, James	s YUE	I. Cervical Proce	dure
11.15-11.30	A1-2.2 Transforaminal and Interlaminar Approaches: Are They Complemental or Controversial?	Hikmet ULUG	B1-2.1 How to prevent pulmonary cement embolism in vertebroplasty&kyphoplasty	Çağatay ÖZTÜRK	C1-1.1 Surgical Anatomy	June Ho LEE
11.30-11.45	A1-2.3 Endoscopic Discectomy for Highly Migrated Lumbar Herniated Disc Disease	Chi Heon KIM	<b>B1-2.2</b> Long Term Follow-up of Low Volume Vertebroplasty Using AB Needle for Vertebroplasty	Arvind BHAVE	C1-1.2 Anterior Cervical Discectomy - Pitfall & Tips	Sang Ho LEE
11.45-12.00	A1-2.4 Percutaneous endoscopic discectomy for central and lateral cervical herniation	Fujio ITO			C1-1.3 Posterior cervical procedure	Gun CHOI
12.00-13.30			Luncheon Symposium			
Time	A1-3 TITLE	LECTURER		LECTURER	TITLE	LECTURER
13.30-14.00	Moderator(s): Tarik YA: A1-3.1 Special Guest Lecture 1 MIS Spine Surgery Ambulatory Surgery Centers: The Trend and Future	Anthony YEUNG				
14.00-14.30	A1-3.2 Special Guest Lecture 2 Endoscopic Anterior Cervical Foraminotomy	Hae-Dong JHO				
14.30-15.00			Coffee Break			
Time	A1-4 B1-3		C1-2			
15.00-16.15	TITLE	LECTURER AL SESSION.	Panel		TITLE	LECTURER
		AL SESSION,				
	TITLE THOMAS HOOGLAND MEMORI.	AL SESSION,		Invasive Surgery"	III. II. Thoracic Proce C1-2.1 Surgical anatomy-pitfall & fips	Gun CHOI
15.00-16.15	TITLE THOMAS HOOGLAND MEMORI. Moderator(s): Sang Ho LEE, M A1-4.1 Vertebroplasty is safer when applied with vertebrography A1-4.2 Percutaneous Endoscopic Lumbar	AL SESSION, turat IMER  Alpaslan ŞENKÖYLÜ  Chan Shik	Panel  "The Importance of Sagittal Balance in Minimally	' Invasive Surgery"	III. II. Thoracic Proce C1-2.1 Surgical anatomy-pitfall & fips III. Lumbar Proces	Gun CHOI
15.00-16.15	TITLE THOMAS HOOGLAND MEMORI. Moderator(s): Sang Ho LEE, M A1-4.1 Vertebroplasty is safer when applied with vertebrography	AL SESSION, Nurat IMER Alpaslan ŞENKÖYLÜ	Panel  "The Importance of Sagittal Balance in Minimally	Invasive Surgery"	III. II. Thoracic Proce C1-2.1 Surgical anatomy-pitfall & fips	Gun CHOI
15.00-16.15	TITLE THOMAS HOOGLAND MEMORI. Moderator(s): Sang Ho LEE, M A1-4.1 Vertebroplasty is safer when applied with vertebrography A1-4.2 Percutaneous Endoscopic Lumbar	AL SESSION, Lurat IMER  Alpaslan ŞENKÖYLÜ  Chan Shik SHIM  Robert SAFTIC	Panel  "The Importance of Sagittal Balance in Minimally Moderator: Tarik YAZAR  B1-3.1 Pierre Farcy: The Important of Sagital Balan Minimally Invasive Spine Surgery (45 B1-3.2 Pierre Farcy: Clinical Cases (1)	nce – Alignment in 5 min) 5 min)	TITLE  II. Thoracic Proce  C1-2.1 Surgical anatomy-pitfall & tips  III. Lumbar Proce  C1-2.2 Surgical anatomy-pitfall &	dure Gun CHOI dure
15.00-16.15 15.00-15.15 15.15-15.30	TITLE THOMAS HOOGLAND MEMORI. Moderator(s): Sang Ho LEE, M A1-4.1 Vertebroplasty is safer when applied with vertebrography  A1-4.2 Percutaneous Endoscopic Lumbar Annuloplasty  A1-4.3 Posterolateral Foraminotomy at Lumbar Spine - New Minimal Invasive	AL SESSION, Lural IMER  Alpaslan ŞENKÖYLÜ  Chan Shik SHIM	Panel  "The Importance of Sagittal Balance in Minimally Moderator: Tarik YAZAR  B1-3.1 Pierre Farcy: The Important of Sagital Balan Minimally Invasive Spine Surgery (45	nce – Alignment in 5 min) 5 min)	ITITLE  II. Thoracic Proce  C1-2.1 Surgical anatomy-pitfall & tips  III. Lumbar Proce  C1-2.2 Surgical anatomy-pitfall & tips for transforaminal  C1-2.3 Surgical anatomy-pitfall &	dure Gun CHOI  dure Jin-Sung KIM

0.00 - 10.10	A3-2.1Intraoperative neuromonitoring in single level spinal procedures: A retrospective propensity score-matched analysis in a national longitudinal database	Anand VEERAVAGU	<b>B3-2.1</b> Two Level Pedicle Screw Based Dynamic Stabilization of the Lumbosacral Spine with Hinged screw:Minimum Two-Year follow-up	Necati Mert ÇIPLAK		
0.10 - 10.20	A3-2.2 Reoperation Rate After Surgery For Lumbar Herniated Intervertebral Disc Disease: Nation-Wide Cohort Study	Chi Heon KIM	B3-2.2 If and when an interlaminar elastic assistance device can stop or reverse the degenerative cascade of the lumbar spine	Lorenzo PAOLI		je
0.20 - 10.30	A3-2.3 interspinous spacers in degenerative lumbar canal stenosis, Does it affect outcome?	Aboubakr Gamal AMER	<b>83-2.3</b> Vertebral Compression Fractures Treatment with Vertebroplasty and Kyphoplasty: Experience in 904 Patients with 1,099 Fractures in a Single-Center	Alessandro VAGAGGINI		OURS
0.30 - 10.40	A3-2.4 The influence of the paravertebral muscles status on the results of surgical treatment of degenerative lumbar spine diseases	Artem Gennadiyevich SKIDANOV	B3-2.4 Transforaminal endoscopic lumbar discectomy, experience with 600 cases - learning curve and how things can go wrong	Robert SAFTIC		CADAVER COURSE
0.40 - 10.50	A3-2.5 Spinal Canal Compromise Related Factors Of Surgical Success In The Percutaneous Transforaminal Endoscopic Lumbar Discectomy	Hyeun Sung KIM	B3-2.5 Is It Necassary To Decompress The Spinal Canal In Intact Patient Done By Miss?	Mohammad ALFAWAREH		ADA\
0.50 - 11.00	A3-2.6 Facet Joint Preserving, Unilateral Approach, Bilateral Splitting Ligamentum Flavectomy (Ubsf) For Degenerative Lumbar Spinal Stenosis	Hyeun Sung KIM	<b>83-2.6</b> Posterior Endoscopic Discectomy for Cervical Disc Herniation: Report of Five Cases	Ali DALGIÇ		C
11.00 - 11.10	A3-2.7 Spontaneous Spinal Canal Remodeling After Postural Pillow Reduction And Lordofic, Posterior Column Compressive Percutaneous Transpedicular Screwing In Thoracolumbar Burst Fractures	Hyeun Sung KIM	83-2.7 Percutaneous Pedicle Screw And Rod Insertion For Treatment Of Traumatic Thoracic And Lumbar Spine Fractures Without Zig	Pashupati CHAUDHARY		
11.10 - 11.20	A3-2.8 Surgical Outcome And Surgical Strategy Of Percutaneous Endoscopic Discectomy For Recurrent Disc Herniation	Chi Heon KIM	B3-2.8 The experience of a South African Orthopaedic Surgeon on his first 100 patients, suffering from severe LBP using the Endoscopic Transforaminal Discectomy Procedure	Louis Francois OEOFSE		
11.20 - 11.30	A3-2.9 Endoscopic Interlaminar Lumbar Discectomy With Splitting Of The Ligament Flavum Under Visual Control	Chi Heon KIM	<b>B3-2.9</b> Lateral Approach Surgery in Lumbar Degenerative Spine disease – Size does matter!	Yuo Joe CHOOI		
11.30 - 11.40	<b>B3-2.10</b> Comparison Leg And Back Pain Relief Between Different Percutaneous Disc Decompression Techniques	Atilla YILMAZ	Neurosurgery	Gocha CHUTKERASVILI		
	Discussion and Adjurn		Discussion and Adjum			
12.00 -13.30			LUNCH			
13.30 - 16.00						

## Dear Guest,

This congress was granted 15 European CME credits (ECMEC) by the European Accreditation Council for Continuing Medical Education (EACCME).

Please evaluate the sessions you attended from 1 up to 4 score (1-8ad, 2-Average, 3-Good, 4-Very Good) and write your score in the box near the speaker name. Before your departure time, please leave that form at the congress registration desk for your CME Credit. Your CME credit certificate will be sent until November 30 via e-mail. We thank you for your valuable suggestions.
